

TEXT

Hi, my name is Sally. I am from England. I live with my parents and my little sister Lucy in a big house in London.

My house has two floors. Downstairs, there is a kitchen in the back of the house, a dining room and a living room on the left, a beautiful garden and a garage. Upstairs, we find, my parents' bedroom next to the bathroom, mine is opposite to my parents' bedroom.

In my bedroom, there is a bed, a desk, a computer, wardrobe and my toys. I prefer my bedroom because I can study, play video games and play with my toys. I love my family and my house.
